The Baptist convention that will assemble in Birmingham, Ala., next Friday will be a meeting of interest to all Baptists. It will be composed of delegates from the different Southern conventions and is the highest body of the Baptist Church in the South. Rev. Dr. O. F. Flippo of the First Baptist Church of this city, who is now on a lecturing tour in East Tennessee will attend. Mayor Evans, Rev. Dr. C. F. James and William Lunsford will start to the convention Wednesday.

It has been definitely decided to improve and enlarge Lee Street Methodist Episcopal Church by extending the building sixteen feet on Lee street and seven feet on the north side for a tower. The improvement will cost about \$800 and much of this has already been subscribed. The work will be done at an early day.

The movement to establish a Southern Methodist Church in East Roanoke, as related in THE TIMES yesterday, is meeting with favor. This work has been under consideration for some time, at one time the Northside building committee of Greene Memorial Church was about to secure a site near Hotel Felix. The church is to be established in the Northeast section with a view of establishing another church in the Northwest section. The Sunday school at Federation Hall, under the Superintendency of Rev. C. S. Marks, has over a hundred scholars, and the school at Melrose public school building, with Maj. A. G. Pendleton as superintendent is doing well.

Rev. Mr. James will preach at Fourth Avenue Christian Church this morning at 10:30 o'clock to the Junior Order of United American Mechanics, who will attend in a body.

The Presbyterians are to be congratulated on having secured Mrs. Dr. Hodson to sing a solo in that church once a month. The selection for to-day will be Steadfast's prayer, "Pity, Oh! Savior."

Rev. Dr. C. F. James will preach for the Calvary Baptist congregation at the Young Men's Christian Association hall this morning and evening.

Fell Through the Elevator Shaft.

Moses Gilliam, a colored man employed by Shockey & Gladden on the new hotel of E. R. Woodward, fell through the elevator shaft from the second floor to the basement yesterday afternoon and striking his head on the cement floor, was rendered unconscious. Dr. Cannaday was summoned and rendered necessary medical attention. He was not seriously injured.

**E. R. Woodward for Council.**

Mr. Woodward, who has represented the First ward in the City Council for several terms, has yielded to the solicitation of many friends and consented to announce himself as a candidate for reelection. He is well known and needs no introduction to his constituents and the citizens generally. His card will be found in another column.

**Stone Work.**

W. E. Bradshaw, contractor for stone work, requests us to say that he did not put in the foundation for the building to be erected on Campbell street for the new Citizens' Bank, but the Engleby building adjoining. He invites inspection of all his work.

**BUCHANAN.**

BUCHANAN, Va., May 2.—[Special]—George Fulwiler, an old and respected citizen of the town, died here on Thursday last. He was in his eighty-third year and for more than half a century he had lived in this portion of Botetourt.

Phillip Anderson, who lives at Balcony Falls, was crushed by a freight train here yesterday, and his suffering was intense; both legs will perhaps be amputated. Mr. Anderson will be taken to his home at Balcony this morning.

Building has commenced in good earnest in section 7, the new part of Buchanan. Foundations for three large brick buildings on E street in this section were begun this week.

Deputy Sheriff S. L. Heck has been nominated for commissioner of revenue in lower district of Botetourt.

The brick building of Mr. F. R. Pugh, on High street, is nearing completion. S. E. Jones, president of the business club, recently organized here, has called the next meeting for May 12th.

Dr. A. Nash Johnston, who has been engaged in the real estate business in Buchanan, has gone to Rockbridge county to practice his profession.

**The Teamsters' Association.**

The Teamsters' Association, which was organized a few weeks ago, have become disorganized. About sixty teams went into the association, but there were 140 more who refused to come in or acknowledge any scale of prices. Owing to this state of affairs the association went under. The prices for hauling were not increased, but most of the teamsters say that it should be, for the prices of shipstuffs and mill feed are higher than ever known before. The expense for feeding a horse takes away all the profits very often.

**Removal.**

Oppenheim's Exchange has been removed to the Senate Saloon building, corner Commerce street and First avenue (Campbell street,) where he will continue to supply the public with the celebrated "Baltimore Club," "Clover Club" and "Oppenheim's Choice," old rye whiskeys, which have been analyzed by Prof. Aiken, of the University of Maryland, and pronounced absolutely pure. He keeps a full stock of wines, liquors and cigars, and a restaurant where a first-class meal can be had at any hour.

**Fell From a Car.**

Wilson Fry, a colored man employed on the Norfolk & Western yards as a brakeman, fell from a car yesterday evening and seriously injured his back. He was taken to his home, and Dr. Kolner summoned, who rendered medical attention.

**Resolutions of Thanks.**

Whereas Pleasants' Lodge, No. 63. A. F. and A. M., had the privilege of listening to an edifying and instructive lecture on the history of Free-Masonry delivered by Right Worshipful Brother Wm. H. Pleasants, in whose honor this lodge was named;

Therefore be it resolved That the thanks of Pleasants' Lodge are due and are hereby tendered to Right Worshipful Brother Pleasants for the graphic account he has given us of the glorious past of our ancient brotherhood, filled with the noblest achievements in enlightening the darkness of ignorance, preserving in their pristine strength and beauty the secrets of Free-Masonry, and advancing the civilization of the world and the sacred cause of human brotherhood.

Resolved, That as a lodge we extend to Right Worshipful Brother Pleasants the assurance of our continued respect for himself as a bright and shining light in Masonry, ever foremost and zealous in any work looking to the advancement of the brethren in the knowledge of the principles of Free-Masonry.

Resolved, That these resolutions be published in the newspapers of Roanoke, and a copy of the same be furnished by the secretary to Right Worshipful Brother Pleasants. may3-1t

**Safety Combined with Speed.**

It is well known that the Royal Blue Line trains between Washington, Baltimore, Philadelphia and New York, via B. & O. R. R., are the fastest trains in the world, but they are also the safest, being vestibuled from end to end, protected further by use of Pullman's antitelescoping device, and heated by steam and lighted by kerosene gas. The steel rail double track is second to none in America. Thus all the conditions known to railway management to secure absolute safety have been provided. may3-1t
